OUR MISSION

Working in partnership with families and community to provide education and services that support healthy development, self-sufficiency and enhance the quality of life for children and families.

PROGRAM DESCRIPTION

CAC Children's Services Program is more than a preschool or child care program; it is a place for the whole family. We see parents as their child's most important teacher. We serve children between the ages of 0 – 5 and pregnant women from low-income families. CAC Children's Services is unique in that parents and community members participate in all levels of decision-making and program planning.

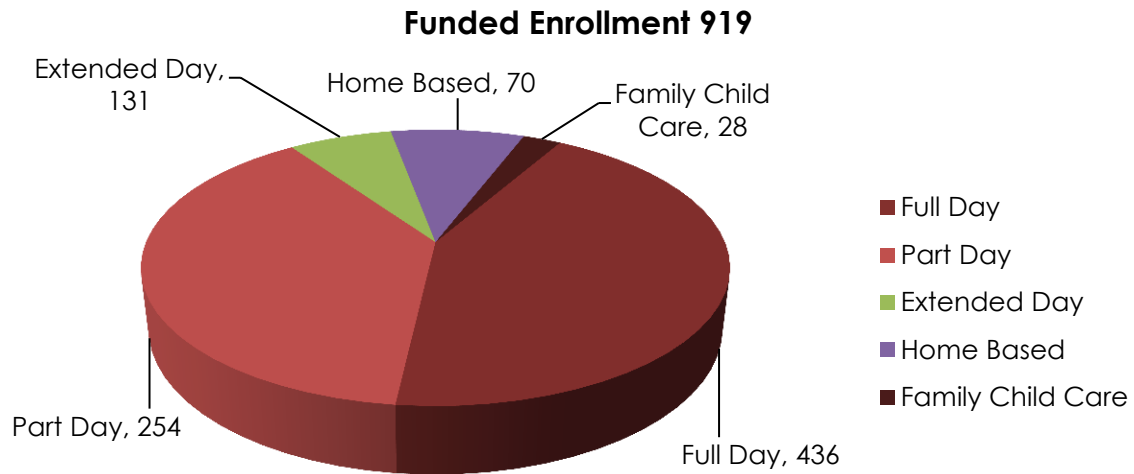

CAC Children's Services uses developmentally appropriate practices to provide safe, supportive, and nurturing environments where children develop physically, socially, emotionally and cognitively. We value the diversity of cultures, languages, abilities, and strengths of every participant in our program.

In partnership with parents, we focus on children's continued development in their home language and promote the development of English to ensure children's opportunity for full participation and success in school and beyond.

ENROLLMENT DEMOGRAPHICS

PROGRAM OPTIONS

ACTUAL ENROLLMENT

TOTAL ENROLLMENT

Children and Families	Actual Number
Total number of children served	1,155
Total number of pregnant women served	14
Total number of families serviced	1,102

ENROLLMENT PERCENTAGE BY AGE

Age	Percentage
Pregnant Women	1%
Infants	4%
1 Year Olds	7%
2 Year Olds	13%
3 Year Olds	32%
4 year Olds	43%

ENROLLMENT BY ELIGIBILITY

HEALTH SERVICES

MEDICAL AND DENTAL EXAMS

Category	Percentage
Well-Child Health Assessment(up to date)	94%
Received a Dental Exam	94%
Needed Dental Treatment	45%
Received Dental Treatment	81%

Parent Involvement

Success is based on families and teachers working together for the benefit of the children. We have frequent conversations with parents about what is going on with their child. We have more formal parent-teacher conferences four times a year. We welcome all parents to volunteer in the classroom. We also offer various opportunities and invite parents to participate in the program such as:

Policy Council: is a group made up of elected parents enrolled in the program and community members. Policy Council meets once a month to help make decisions, approve policies, and plan for the program countywide. Policy Council members report back to their centers at the parent meetings. Policy council is an open public meeting.

Advisory Committees: are established to obtain input regarding program services and planning. Such committees include the Health and Disabilities Advisory Committee, School Readiness Committee, and Annual Program Evaluation committees.

Parent Meetings and Activities

All centers, Home Based and Family Child Care groups will have a parent meeting once a month to plan activities, dialogue with staff, learn about topics of interest, build community among families and make decisions together. In addition to monthly parent meetings, parents are invited to and informed about, other trainings and meetings based on their expressed interests. Childcare is available at parent meetings to allow all parents to participate.

- Free books provided to families to read with child at home
- Participate on Interview Panels
- Participation in Leadership Conferences
- Connecting parents to resources for services requested
- Involved in Program Recruitment
- School District Parent Field Trips

SCHOOL READINESS

In order to prepare children for Kindergarten and life, we utilize researched based curriculums such as Creative Curriculum and Partners for a Healthy Baby. We feel that parents are their child's primary teacher; therefore, we offer parenting classes utilizing the Nurturing Parenting Curriculum.

Ongoing professional development is provided to all of our staff to keep them current in best practices.

Our Desired Results Developmental Profile (DRDP) assessment tool data, measures our effectiveness in meeting expected child outcomes. Every child's outcome data is gathered three times per year, shared with parents and used to develop individualized child goals in partnership with the parent.

Expected Child Outcomes

Social & Emotional Development

Children will display levels of attention, emotion, and behavior in the classroom that are appropriate to the situation and the supports available.

Language and Literacy Development

Children will use and comprehend oral language for conversation and communication.

Approaches to Learning

Children will demonstrate persistence and sustained attention when working with materials, activities, and information.

Cognition and General Knowledge

Children will use math regularly and in everyday routines to count, compare, relate, identify patterns, and problem solve.

Perceptual Motor and Physical Development

Children will demonstrate control of small muscles for such purposes as using utensils, self-care, building, writing, and manipulation.

Expected Parent Outcomes

Parents will make progress toward their own educational, literacy, and employment goals.

Parents will spend dedicated time with their children on a daily basis in activities that stimulate their children's development, such as reading to their children, having new experiences and child focused conversations and stories.

Parents will demonstrate increased knowledge of child development and awareness of their children's developmental progress.

Parents will provide home environments and experiences that are positive, predictable and consistent.

Parents practice positive health and safety habits with the family, including healthy foods and water, dental care, physical activity, car seats and child supervision.

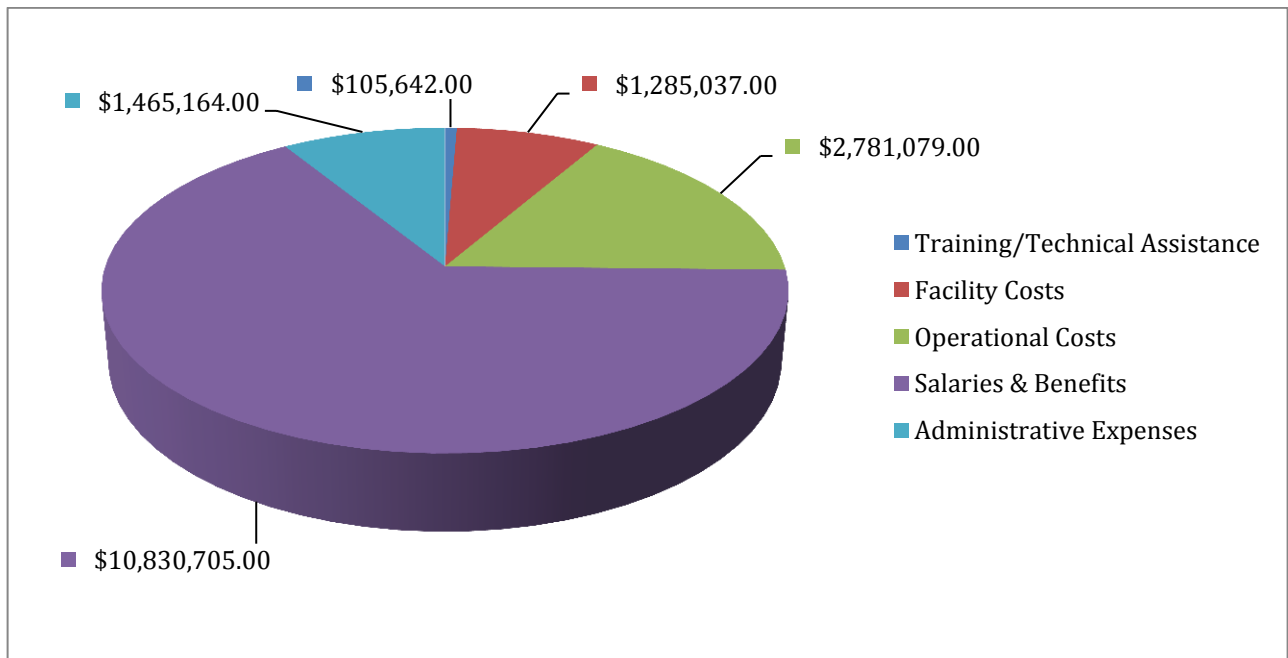

Parents who have complex issues, such as addictions, incarceration, domestic violence, family conflict, mental health issues, seek services and support for individual plans.

FINANCIAL REPORT

REVENUE FOR FISCAL YEAR DECEMBER 1, 2017 TO NOVEMBER 30, 2018

EXPENDITURES FOR FISCAL YEAR DECEMBER 1, 2017 TO NOVEMBER 30, 2018

PROPOSED BUDGET UPCOMING 2018-2019 FISCAL YEAR

AUDITS

Community Action Commission's most recent financial audit in December 31, 2017, was a clean audit.
